

Sustaining Strategies

Capital fund

The entire funding to establish a new facility (ERC) has been provided by the LEBARA Foundation. (www.lebara-foundation.com)

Operational Support

Contributions could be in terms of books, educational materials such as CDs, Videos, Computers..., voluntary service financial assistance etc.

We seek partnerships with Government Departments and those responsible for rural community development as well as with various Foreign Embassies and Organizations in Sri Lanka.

We solicit educational Institutions, Businesses, NGOs and Individuals abroad.

We appeal to individuals and Associations of the Tamil Communities in diaspora.

LEBARA LIBRARY
Educational Resource Centre (ERC)

Vision

Lebara Library is an educational resource Centre will provide children and adults the opportunity to acquire knowledge and academic skills on their road to human development.

Lebara Resource Centre (ERC) reflects a new and modern concept. It is a multifunctional and interactive institution geared to meet the educational needs of the community.

Lebara LIBRARY

Core services of
LEBARA Library

We shall maintain an important collection of books, journals and reference materials for the use of the children and adults of the community.

A language lab will assist the children and adults to become competent in English as a second language. Other foreign languages will be added according to need.

The I.T. Unit consisting of twenty eight computers offers access to Internet access and web to meet the demands of our modern knowledge-based society in our global world.

I.T. Professionals will be available to assist students to learn the basics and advanced skills required for proficiency in computer technology.

The Library facility includes an auditorium and two lecture halls that will be utilized for tuition, seminars, lectures and interactive programs with social relevance.

The Centre will also be utilized for mentoring and guidance to enable the children and adults to facilitate progress in their studies and integrate within their re-settlement communities.

A bus is provided for access to ERC to children of remote villages, schools and institutions.

We will make available the space of this facility for organizations or institutions according to their own need for conferences or workshops and interactive programs for the betterment of the community.

The three acres of land has green surroundings: paddy fields, vegetable plots, green grass and fruit trees, with mangos, jack fruits and banana trees, (Ma-Pala-Vazhai) to provide a suitable and peaceful atmosphere for those who use these facilities.

An additional service is a large dining room for more than 40 people and a guest house for resource persons who may come from the South or abroad for overnight accommodation.
